Our STORY

With a style that's unrestrained yet very refined, our team of interior designers creates homes and commercial spaces that are the visual stories of the people living or working there. Our interiors are bold statements balanced by quiet details, the dark accents in a white room, the well-defined edge that contains a surprise of color. The spaces you surround yourself in defines how you live, breathe, and feel, so why not make it more elegant and magical? With this in mind we set out to accomplish the highest degrees of perfection in every project we undertook. From humble beginnings we rose to carve a niche for ourselves in the world of Turnkey solutions - an answer to the need for quirky charm and effortless elegance.

VISION:

The Pursuit of perfection; it's a largely imperfect world but we keep perfection as our watchword and live by it.

It is our goal to let our Projects become our mouthpieces. Our attention to detail is something we take pride in.

MISSION:

To add a touch of elegance and grace to everyday spaces... We aim to design and develop; create better spaces which will inspire and uplift all those who become a part of it.

Creating the perfect balance is key.

The customer is at the heart of everything we do, and we live by this mantra...

At Arcadian Projects our interior designs are not just beautiful for the sake of aesthetics, they are thoughtfully crafted for our clients to be both visually breathtaking and perfectly livable. Our Office spaces and remodelled homes exude the aura of art galleries, full of culture and life and delicate charm. They are not just precious in quality: they are also destined to be lived in and enjoyed. The moment our experts walk into a space, they see the life that can be lived there. The joy, the excitement, the memories- all the myriad possibilities. We use colors and patterns to bring magic into a space and to create highly personal visual stories that look as though they have always existed this way. With a layered mix of styles, our designs are uniquely crafted for our clients. You'll often see something floral mixed with something edgy, something vintage mixed with something contemporary, or something raw mixed with something refined. We tailor this mix to create the perfect magic blend for every space. Every space has a unique story to tell, so that is where we start. At Arcadian Projects we are fortunate enough to be surrounded by a multitude of cultures and styles and eras of design.

We start with the architecture and bring in colors that compliment the style of the designated space. A classical Indo style building inspires shades of rustic terracotta and complementing woodwork, while a Georgian building reminisces of soft yellows, sky blue, and a delicate pale green. The architecture of the home tells its own story, and we use these narratives as the base for our own design work.

With an undying love for travel and culture, we are able to take even a contemporary white box apartment in the middle of the city and transform it into a richly layered jewel box. What starts as a thought of grey turns into highly detailed palettes of color inspired by the space, the clients, and the future stories created by the spaces we build. With highest standards of design and craftsmanship, we are specialized in setting up sleek interiors meeting specific contemporary needs. Applying innovative concepts and using the latest technology, we renovate and restore both residential and commercial buildings.

Our

CUSTOMERS SPEAK...

Letter of Commendation

In recognition and deep appreciation of the cooperation and contributions by **Arcadian Projects LLP, Thiruvananthapuram** towards the timely supply and meticulous installation of **Deko Partitions** for the Consulting Rooms at **Rajagiri Hospital Phase - II Project at Chunangamvely, Aluva**. Your consistently outstanding efforts towards the effective execution of this project and the unstinting dedication of your supportive team has undoubtedly been helpful in the successful completion of our project. We, at Rajagiri Hospital, Would like to extend our sincere compliments on a job well done. We wish you all success in your future endeavours.

Letter of Appreciation

"We, at Marampally Service Co-operative Bank, engaged the services of **Arcadian Projects LLP**, and we are very pleased with their service, professionalism and attention to detail. When we renovated an existing branch for our bank, we needed a full spectrum of interior renovation work. The staff was very responsive, courteous and dedicated. The pricing was also very competitive and the quality of work was excellent. Materials were sourced from international brands such as **Deko Partitions**. All communications were prompt with regular updates on the work progress. I was very satisfied with the completed work and the subsequent followup service.

We would like to express our thanks to Dominic Savio Mendez and his team for a job well done. "

CUSTOMERS SPEAK...

03/12/2022

Dear Team Arcadian,

We would like to formally and sincerely express my gratitude for the amazing work you accomplished here at La Cava, Kanjirapally, Kottayam.

Your team was extremely impressive and showed exceptional discipline and dedication to this project. We want you to know that we value the amount of effort you have put into making our dream a reality. We truly appreciate the entire team for the flawless execution and timely completion. It was indeed a job well done.

Once again, thank you for your hard work. We look forward to seeing your future achievements and successes!

Sincerely,

Sajil Kanndu

CHISELING CHANGE &
DESIGNING PERFECTION

Deko Partitions

We are the authorized dealers for DEKO in Kerala. DEKO are global leaders in the design, manufacture and supply of sustainable system partitions. The product range has well-established markets in Europe, Africa and Asia and comprises beautifully designed and engineered components, giving the architect and designer the capacity to achieve ambitious and thought provoking interiors. The only partitioning company to hold two ETA approvals for partition systems in Europe, and the first company to receive CE labelling for its glazed partition systems, DEKO's intensive product development continues, pushing the boundaries to provide solutions which are sensitive to the environment, safety and regulation compliant

Office Interior Designing /Products

Meet OUR TEAM

TEAM ARCADIAN

We have a team of enthusiastic designers, project managers, on site engineers and workers whose top priority is always good interior design and the creative use of modern technology. Their broad range of work encompasses interior work – painting, installation of partitions, electrical work, walls, flooring, automatic doors, carpets, AC systems, tiles, ceilings and furniture; to name a few of their routine jobs. Our boast is that they are able to provide quality work in diverse projects. As our clients range from corporates, hospitals, commercial ventures, creative residential builders and architectural firms to recreational interior design stylists, our scope of work adapts to suit the specific requirements of each client. Our team lives by the promise to deliver every project with a touch of elegance irrespective of its size. The finished interior projects are a direct representation of the clients' needs, style, and personality, as their opinion matters the most followed by a sincere and firm commitment towards environmental concerns.

ARCADIAN PROJECTS

ARCADIAN PROJECTS

Where Perfection is Assured

Arcadian Projects is a full service, interior design firm based in Trivandrum specializing in classic design with a global influence. Whether designing residential or commercial spaces, we have built a reputation on achieving highly individual results for a discerning clientele.

We craft visual stories that become signature surroundings. Guided by clients' aspirations, as well as their diverse experiences, the firm designs singular interiors, which allow clients to fully express who they are, and what holds meaning to them.

The history and location of the project, coupled with the broad base of our experience, and the firm belief that successful design must be generated by the individual characteristics of each project, leads to the creation of extraordinary interiors.

Supported by an underlying thread of sustainable quality, Arcadian Projects ensures that the clients' greatest investment is also their greatest source of comfort, pride and self-expression.
